Project 1 Graphic Design I

Character Analysis

description Invent a character.

Holden, Billy Pilgrim, Alobar, Equality 7-2521...

Write a character. Write an introduction to the character in length, style, and level of detail that engages as a piece in of itself.

components words

specs Write something we want to read.

Base it on a real person, alter-ego, an ideal, whatever. This is a writing assignment, but think about how the writing is designed, language is designed, about how the character is designed. Your medium is words. Your tools are how you put them together.

Be as visceral as possible.  
Action is more engaging than telling.  
Dialogue is your friend.  
Don't tell us everything. Focus on AN idea. A detail.  
Adjectives don't make it more entertaining. Verbs do.

A fifth grader can write a cookie-cutter narrative, expository, and persuasive essay. If it sounds like your creative ability stopped at the age of 12, it probably means read more Vonnegut, Palahnuik, Thurber, and Robbins. Listen to Patton Oswalt.

Who is this person? What do they do? What is their story? As visuals blur to noise, words will never lose their power.

The exact length is up to you, but a mere paragraph doesn't give you much to play with. A dense page should suffice. Print it out as plain text [.txt] from Text Edit. This is not a typography assignment.

due Week 02 : crit : Complete First Draft  
Week 03 : crit : Revised + Finalized

Project 2 Graphic Design I

Identity + Kit of Parts

description Using the Kit of Parts approach to branding, build a fleshed-out identity package with components that explore the fringes of your character's world. This does not have to explicitly be for the character of your Theme, but somehow, it must relate.

Look at work by Andrew Blauvelt for the Walker as guidance and inspiration.

1. Start. Draw. Photograph. Ink. Copy. Splice. Look. Find. Assemble. Gather together a bank of relevant imagery. What can this visually reduce down to? You are generating an identity by defining a vocabulary to work with.

2. Recipe: How do your ingredients work? Define: What happens When, How, and Where [context].

3. Formal: Consider iconography, type, color, pattern, verbal/textual language, movement, sound, environments.

This is not a traditional branding assignment. A single Chermayeff & Geismar mark is not what we're looking for.

This is a SYSTEM. Systems allow for guided variability. Everything needs to cohere: conceptually and formally.

components Pitch: Means beyond the thumbnail stage. Answer #1,2,3  
Pecha Kucha presentation: 20 slides, 20 sec each  
Physical Package: 3 pieces of your choice [Xerox print-outs don't count] For example, booklets and applications.

specs defined SYSTEM of visual vocabulary  
fully fleshed out form, language, and typography  
ability to visually explain when+how your system applies

due Week 03 : informal crit : Pitch  
Week 04 : informal crit : Pecha Kucha presentation  
Week 05 : crit : Physical Package

Project 3 Graphic Design I

Zine

- description Drawing from your character analysis and kit of parts, design a point of interest publication.
- Implement your system. Who is your character? What is the subject matter? Who is your audience?
- components Utilize text you have written in combination with relevant found articles.
- All imagery must be your own.
- Your Kit of Parts System is your glue.
- specs 16 internal pages + Front/Back cover  
Required: Title Page, Contents, at least 2 articles  
Size: 5" X 7"  
Printed on [intentional] paper of your choice  
Bound: Saddle or Pamphlet Stitch
- due Week 05 : informal crit : Comped 1st Draft  
Week 06 : informal crit : Comped 2nd Draft  
Week 07 : crit : Final publication

Project 4 Graphic Design I

Calling Card

description Physical indicators of a visitor's physical presence: calling cards are extinct ephemera of the Nostalgic. With the rise of letterpress and the hijacking of print as an arts medium, designers are finding ways to remind people to be where they are. As in, literally, physical space. Design a calling card in keeping with your character that functions as an announcement, a marker, a token.

components Physical calling cards  
Information: name + 1 form of communication

specs Utilize your kit of parts  
Size is open  
Make enough for everyone + 20

due Week 07 : informal crit : Printed & Comped Rough  
Week 08 : crit : Multiples made

Project 5 Graphic Design I

Broadside

description A Political poster.

We'll watch The Daily Show as an example of an artist channeling a sincere activist response to a...concern. Make a poster. The only requirement is to not treat your political issue of choice in a mundane, expected poster manner. Look at The Design of Dissent, by Mirko Ilic and Milton Glaser.

components Activist design: Don't just make something pretty.

specs 18" X 24"  
BW + 1 spot color  
Includes type and image

due Week 08 : informal crit : Comped [tiled] poster  
Week 09 : crit : Printed poster to size

Project 6 Graphic Design I

Book Cover

- description J.R.R. Tolkien began all his stories with a map, a fully realized "world" for his narrative to navigate, resulting in a feeling of authenticity. Distill Diary's content into a concept-driven book cover. See also, Rodrigo Corral for Chuck Palahniuk and Chip Kidd. Size should match your source cover.
- components Front and back cover + spine  
You can do better  
You can't do what Palahniuk did
- specs Dimensions of your source book.  
Show cover fitted to your source book.  
Texture, color, opacity, and weight of your paper choice makes sense in relation to book and your cover design.
- due Week 10 : informal crit : Printed and Comped Rough  
Week 11 : crit : Final cover on book

Project 7 Graphic Design I

Fashion Photography

description Think graphic design not fashion design. What does fashion photography mean to your character?

components Composition is perfect  
Subject matter is art directed  
Quality photographic print [production is up to you]  
Utilizes your Kit of Parts in the fashion items

specs sequence of three 8" X 10" prints with .5" border  
300 dpi images

due Week 12

Project 8 Graphic Design I

Resume

description Typeset your resume. Resumes and menus are some of the most difficult pieces to design, because of the emphasis on immediately legible content, their intrinsically mundane nature, and the quantity of type [especially numbers]. Build one for yourself anyway. This is purely typography: Getting the details perfect and innovating within a strict set of boundaries. Curated and well-written content is as much considered as the typography.

components single page, bring copies for everyone

specs 8.5" X 11" portrait, paper should be considered  
Cannot read or look like a template.

due Week 04 : informal crit : Printed draft  
Week 07 : informal crit : Printed draft  
Week 10 : informal crit : Printed draft  
Week 12 : crit : Multiples of final printed resume

Project 9 Graphic Design I

Cabinet of Curiosities

- description 1. Research Cabinet of Curiosities.
2. Find a lens to view the collected works in your character's Theme park: This is more than a container for your ephemera, this is a new piece with new production, but it should reference your character and Kit of Parts work for the course.
- components Cabinet of Curiosities theme
- specs Size, materials, and construction are up to you  
Show us something we've never seen before.
- due Week 13
